The manager is...

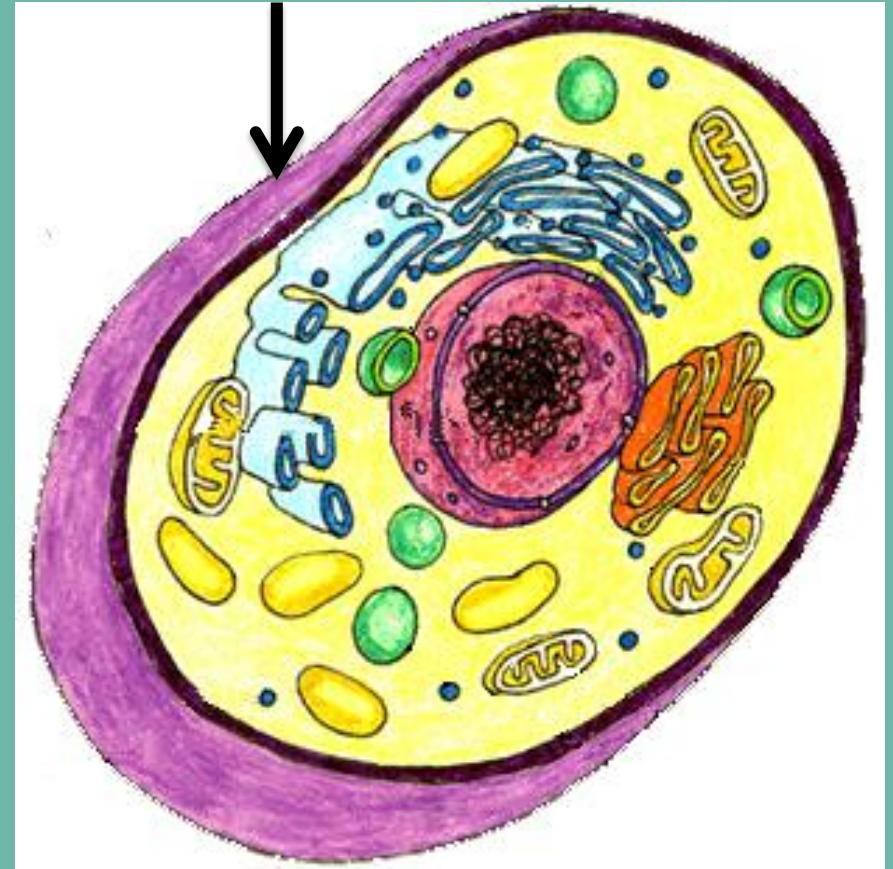

The nucleus!

Because they make the decisions

The doors are the...

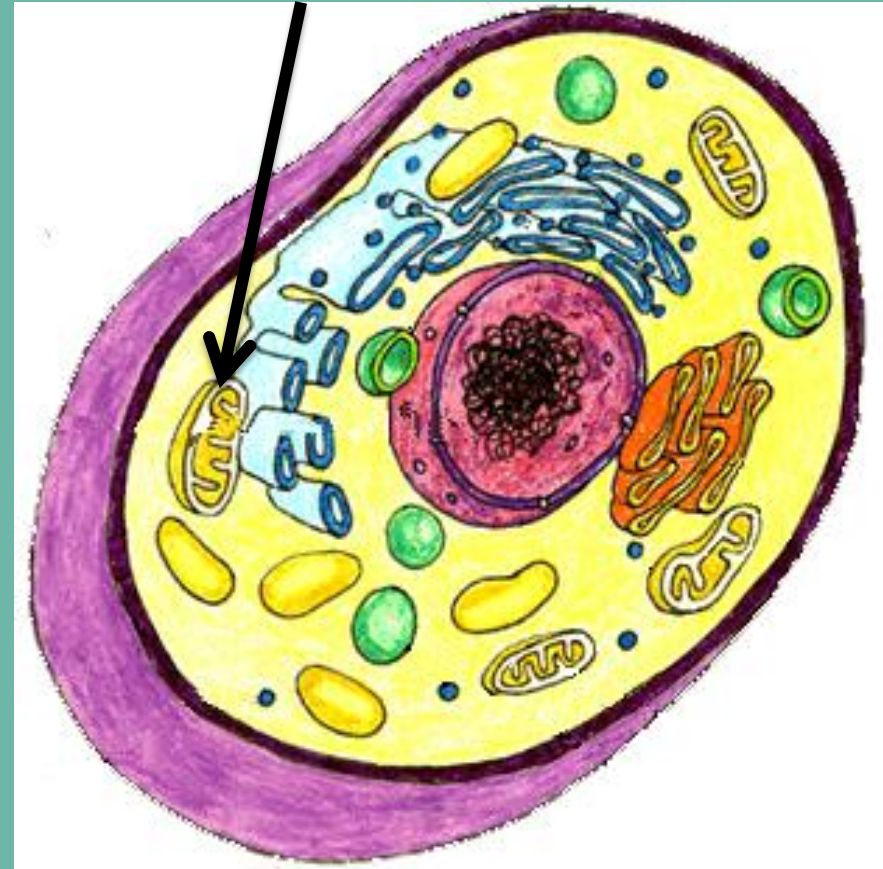

Cell membrane!

Because they both let things in and out

The oven is the...

Mitochondria

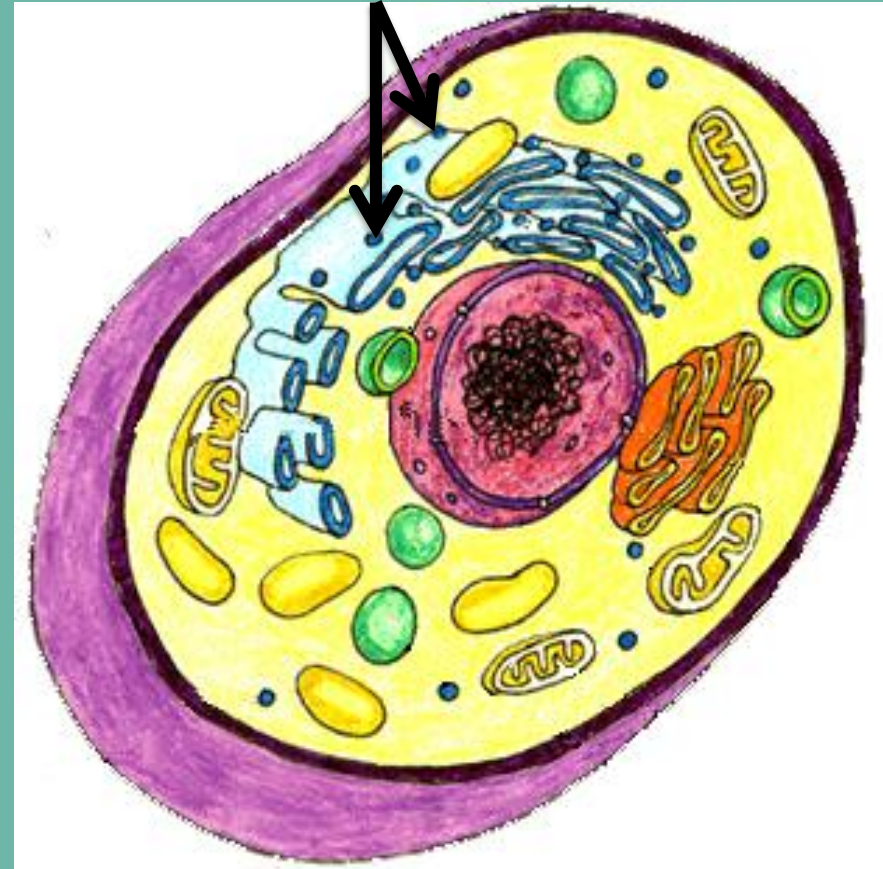

Because they both provide energy

The people making the
pizza are the...

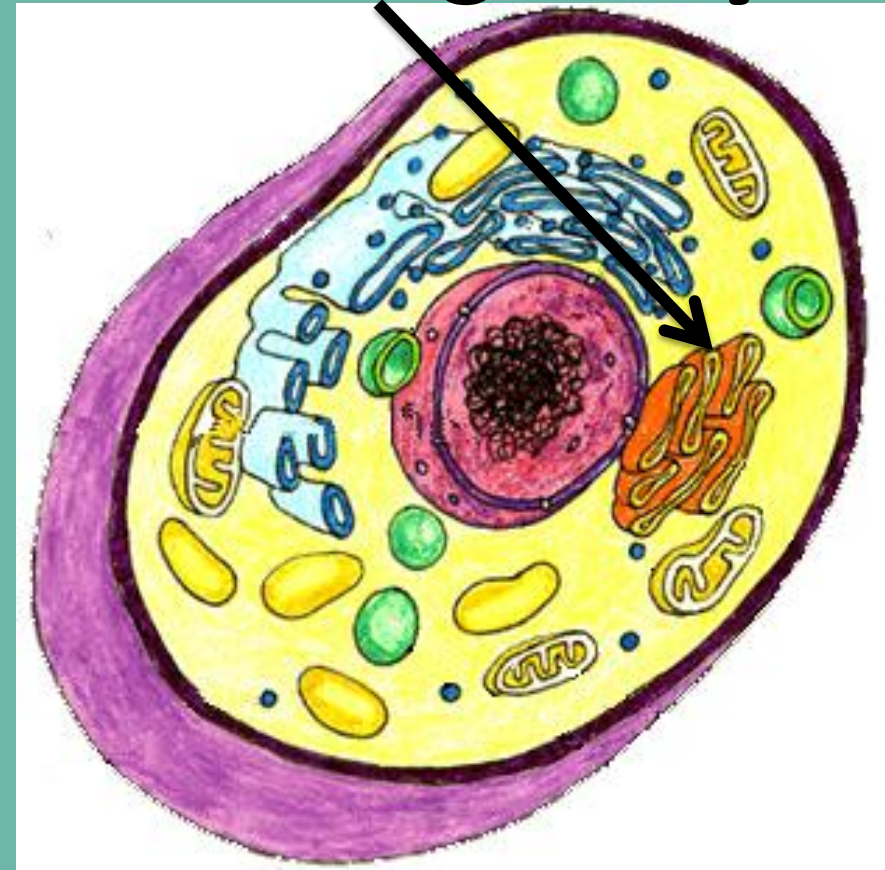

Ribosomes!

The workers make pizza and the
ribosomes make proteins

The people that box the pizza and send it for delivery are the...

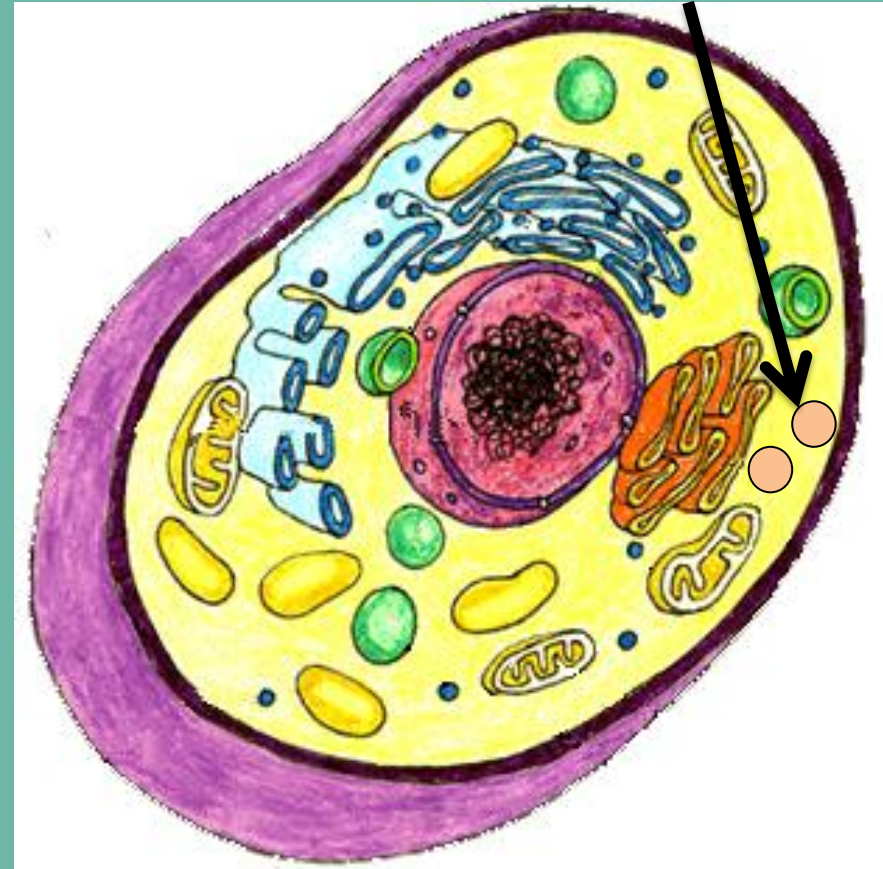

Golgi Body!

These people package and deliver pizza like the golgi body packages and delivers proteins.

The boxes are...

Vesicles

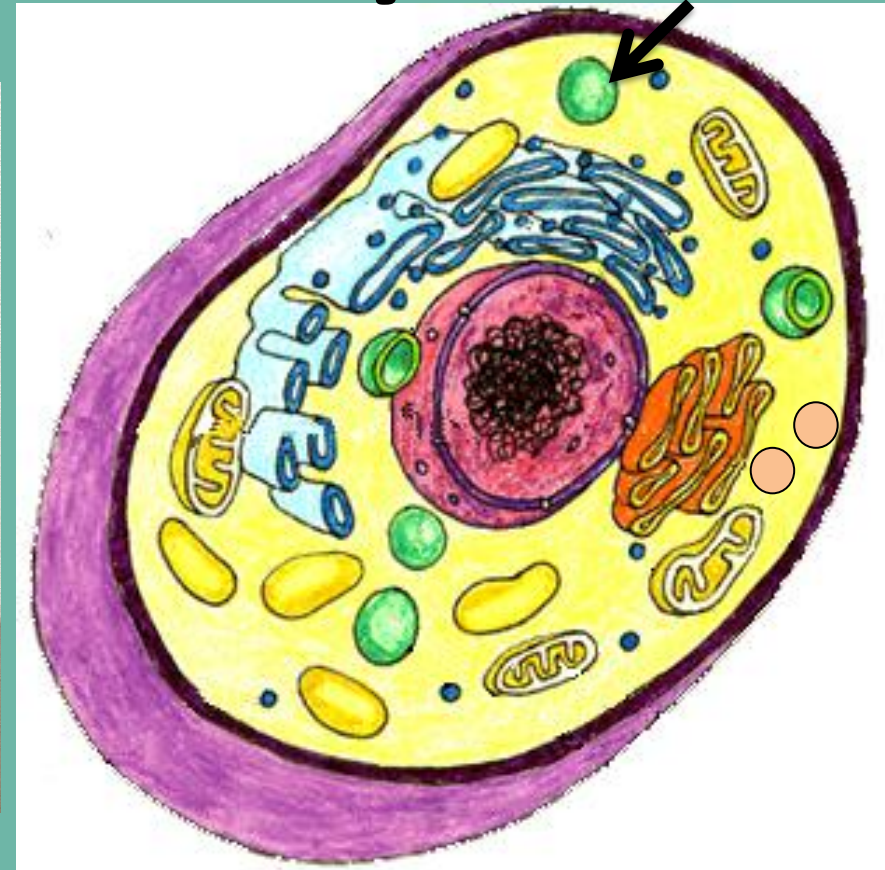

Boxes are what pizza is delivered in just like the vesicles are what proteins are delivered in.

The floor in pizza hut is the... Cytoplasm

Everything happens on the floor just like
everything happens in they cytoplasm

The recycling bins and garbage cans are the... Lysosomes!

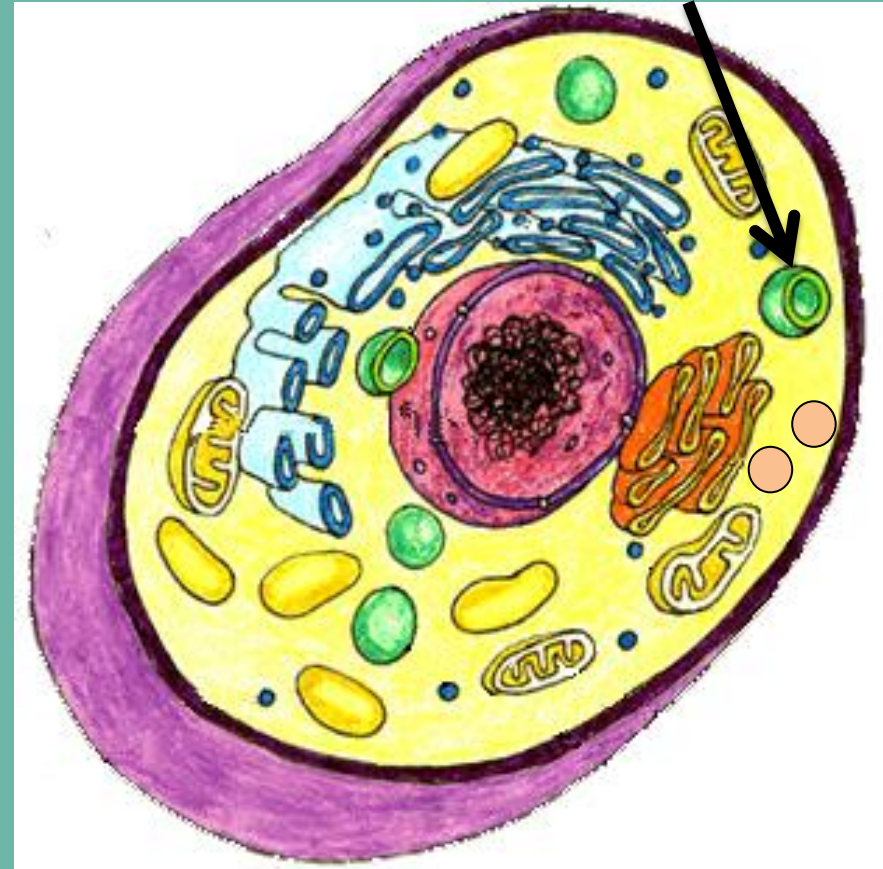

They both recycle and dispose of unwanted material.

The fridge is the...

Vacuoles

They both store things
